

Gabriele Groppo

Software & Platform Engineer

Milano, Italy | gabriele@gabrielegroppo.it | 3518535471 | [LinkedIn](#)

Profile

Recent BSc Computer Science graduate and incoming MSc student (starting October 2026) at University of Milan-Bicocca. Passionate about Cloud Native technologies and Rotaract Volunteer.

Professional Experience

Junior Platform Engineer Intern, Sigemi, Milano

Sept 2025 to Present

- **Co-designed and implemented** a multi-tenant Internal Developer Platform (PaaS) using Krateo Platform Ops, creating "Golden Path" to automate infrastructure provisioning and compliance across multiple environments.
- **Engineered DevSecOps CI/CD pipelines** adopting a "build once, deploy anywhere" methodology that integrates quality assurance and security tools.
- **Developed [KubePattern](#)**, an open-source Go tool to automatically detect **orphaned Kubernetes Custom Resources** (e.g., UI widgets) and smells across complex CR interactions.
- **Enhancing Platform** by designing and developing custom **AI agents** that extend platform capabilities and improve Developer Experience.

Education

University of Milan Bicocca, Milano

MSc Computer Science

(Expected start: Oct 2026)

University of Milan Bicocca, Milano

BSc in Computer Science, Sept 2022 to Feb 2026

Relevant Coursework: Distributed Systems, Software Engineering, Mobile Device Programming, Algorithms & Data Structures. Key Academic Projects:

- Built FastestLap (Android App) for the **Mobile Device Programming** exam, implementing **Clean Architecture** and MVVM patterns.
- Developed DoIT (Web Platform) for the *Software Engineering* exam, managing a **full-stack microservices architecture** (Java/Next.js) within an **Agile** team environment.

Grade 100/110

IIS E. Alessandrini, Vittuone

ITIS Informatica, Sept 2017 to Jun 2022

Grade 100/100.
